

Treadmill Ergometers MTM-1500/1500 med

New: Available with
water bottle holder

SCHILLER treadmill ergometer MTM-1500 med with optional safety frame and patient harness with drop stop – indispensable accessories for preventing accidents and general safety of the elderly and frail.

SAFE – PRECISE – SILENT

The SCHILLER treadmill ergometers MTM-1500 and MTM-1500 med are designed for stress testing, sports medicine, cardiology, physio therapy and fitness training. Both ergometers are equipped and tested with the latest safety systems and have been manufactured to stringent quality requirements.

Features:

- Compatible with all SCHILLER exercise ECG recorders
- MTM-1500 med: With Potential Equalization

Transformer for potential isolation according to the IEC 60601-1 standard

- Automatic control by computer via RS-232 interface (interface cable 5 m included)
- Emergency stop switch, individually adjustable
- Steel tube handrail on one side; can be mounted on the left or right side or both sides (optionally)
- Automatic self-centering of the running surface

Benefits:

- Long lifespan thanks to high manufacturing quality
- Excellent price/performance ratio
- Safety features incorporated
- Very quiet motor system
- Maintenance-free motor
- Modern design
- Terminal software allows the configuration of predefined protocols etc. and serves as a service tool for operation tests
