

Bobath-2 Advanced

These couches provide the ideal support for treating patients with mobility problems or dysfunctions as a result of cerebral palsy or hemi paresis.

- Extra wide support surface (120cm) and special undercarriage.
- two-sections
- The back support of the Bobath-2 makes this couch more universal and facilitates lying/sitting exercises.
- The height can be adjusted by an electric motor and footswitch.
- Suitable for use with a patent hoist (clearance below frame = 15 cm).

Standard features

- All sections gas spring supported.
- Central wheel-lifting mechanism with 4 casters.
- Cushions in a choice of 8 colours.
- Cushions with padding of 40 mm.
- Suitable for patient hoists up to 15 cm.
- Gymna Stability Profile (GSP).
- Non slip feet.
