

# Traction Classic

Special treatment couch for lumbar and cervical traction therapy with a traction device. The large sliding cushion eliminates friction between the patient and the couch surface, resulting in an efficient and comfortable treatment. The support surface can also easily be fixed in position, so that the couch can be used for other purposes as well.

- 2-section support surface, with a long head section.
- Head support can be adjusted positively and negatively
- Suitable for use with a patient hoist. (clearance below frame = 15cm).

## Standard features

- All sections gas spring supported.
- Wheel-lifting mechanism with 2 casters and fixed wheels in the front.
- Cushions in a choice of 8 colours.
- Cushions with padding of 40 mm.
- Suitable for patient hoists up to 15cm.

## Specifications

Length x width	: ± 197 x 67 cm
Height adjustment	: Electric ± 45 - 100 cm
	: Hydraulic ± 47 - 95 cm
Weight	: ± 78 kg
Maximum Lifting capacity	: 150 kg
Electric motor strength	: 6.000 N
Hydraulic pump strength	: 10.000 N
Power supply	: 110 - 240 VAC 50/60 Hz or 100 VAC 50/60 Hz
Maximum consumption	: 1,0 A
Insulation class	: II
Moister resistance	: IP 54
Classification	: I
Conformity	: CE according to the Medical Devices Directive of the European Commission 93/42/EEG
Guarantee	: 1 year
