

Duo Classic

An excellent solution for supporting patients in a sitting or lying position. Popular in hospital departments, doctors' surgeries and care centres.

The couch is also suitable as a support for passive physiotherapy treatments and is also used in aesthetic treatments.

- 2-section support surface, with a long head section.
- Head section can be adjusted positively and negatively, supported by a pneumatic gas spring.
- Suitable for use with a patient hoist.

Standard features

- All sections gas spring supported.
- Wheel-lifting mechanism with 2 casters and fixed wheels in the front.
- Cushions in a choice of 8 colours.
- Cushions with padding of 40 mm.
- Suitable for patient hoists up to 15 cm.
