technical specifications

Packaging: Pallet in a cardboard box.
(Dimensions: 1400x 1000x 840 mm)

Vibration plate

Vertical vibration amplitude 2 & 4 mm
Ergonomic handles
Start / stop on platform
Extra large exercise surface
Frequency 20-60Hz (adjustable per 5Hz)
Frequency 20-60Hz (adjustable per 1Hz)
5 strap connection points

Handle

Integrated card reader
Electronics insulated from vibration
Start/stop on display
Start/stop by remote control

Software

Quick start
Dynamic 3-D pictures
Color screen
Integrated training software
Training & amplitude - Time card feature

Standard accessories

Foot straps (1 pair)
Hand straps (1 pair)
Remote control
Soft mat

Technical specifications

Weight 120 kg
Dimensions 1050 x 990 x 1440 mm
Maximum static load 250 kg
(Dynamic proportions 20%)
Noise level max. 71dBA
Standard colors: white, grey & black
Optional colors: on demand
Supply voltage: 230V +/- 10%, 50/60Hz
115V +/- 10%, 50/60Hz
