

# Duoplan Advanced

This couch has the same basic design as the Duo, but has individually adjustable leg sections, which makes it more versatile. Particularly suitable for treatment of the lower limbs, for example for lymph drainage, traumatology or podotherapy.

- Large head section to support the head and shoulders efficiently.
- Short (fixed) middle section for a good seated position.
- Individually adjustable leg sections, perfect for working on the knee and ankle joints.

### Standard features

- Central wheel-lifting mechanism with 4 casters.
- All sections gas spring supported.
- Gymna Stability Profile (GSP).
- Non slip feet.
- Cushions with padding of 40 mm.
- Breathing hole head section, incl. cushion.
- Cushions in a choice of 8 colours.
- Prepared for hip traction support.
