

Osteoflex Advanced

The showpiece treatment couch. Particularly suitable for those who concentrate on treatment of the spinal column. Ideal for the specialist yet can be used in every field. Thanks to the unique fold-down sections, you can stand closer to the patient. This enables you to exert more force with less strain on your own shoulders and back. Perfectly suited for carrying out osteopathic manipulations. A top-quality product that produces top-quality results.

- 3-section support surface, suitable for most basic positions.
- Adjustable middle section for the best possible position of the spinal column in flexion.
- Head support can be adjusted positively and negatively, and can also be adjusted almost fully downwards.
- Leg section also suitable for use as a back support.
- Extra armrests.
- Unique fold-down sections.

Standard features

- Adjustable middle section.
- Central wheel-lifting mechanism with 4 casters.
- All sections gas spring supported.
- Gymna Stability Profile (GSP).
